

## Commissioning and handover record

Completed by the dealer and trained technicians. Record only checks in the installed model's manual and identify functions that do not apply. This record is not a declaration of conformity.

| Record field                                        | Record / result |
|-----------------------------------------------------|-----------------|
| Date / record reference                             |                 |
| Dealer / technical team                             |                 |
| Door model / installation reference                 |                 |
| Motor model / revision                              |                 |
| Control-board model / revision                      |                 |
| Receiver model / revision                           |                 |
| Lift / installation drawing and revision            |                 |
| Manual used / revision / page                       |                 |
| Supply / protection arrangement (technician record) |                 |
| Planned use / intensity                             |                 |
| Installed safety and access equipment               |                 |

## Commissioning and handover record

Completed by the dealer and trained technicians. Record only checks in the installed model's manual and identify functions that do not apply. This record is not a declaration of conformity.

| Function checked                 | Manual / procedure | Observed result / open finding |
|----------------------------------|--------------------|--------------------------------|
| Mechanical movement / balance    |                    |                                |
| Opening and closing limits       |                    |                                |
| Installed safety functions       |                    |                                |
| Commands / remote and receiver   |                    |                                |
| Manual use / power-loss behavior |                    |                                |
| User instruction                 |                    |                                |

| Record field                        | Record / result |
|-------------------------------------|-----------------|
| Resolved findings / open points     |                 |
| Manuals and documents handed over   |                 |
| Handed over by / received by / date |                 |
